America's first KNIGHT motored car. In quality, design, performance, workmanship and material, the STEARNS-KNIGHT stands unparalleled.

In construction it represents the world's greatest power plant combined with the final development of the long famous Stearns chassis—a chassis comparatively light yet offering the same sturdiness which distinguished the older and heavier models.

Scout Master, F. M. Tindler, informs us that he will take his troop of scouts to Paint Lick to-morrow (Friday) night to show the boys of that section just what it means to be a boy scout and the good work that is being done by these young patriots. He hopes to organize a squad at this place and we know there is lots of good material there for such an organization.

### LINEN SHOWER

Miss Martha Tindler entertained last Thursday at an afternoon party and linen shower in honor of her friend and bride-elect, Miss Bernice Lear. The house was artistically decorated in Spring flowers, which made a beautiful background for the bevy of young girls who called to shower linen of their own fashioning upon their girlhood friend. Delightful refreshments were served and the pre-nuptial event thoroughly enjoyed by all present.

### AWAY UP IN THE RUNNING

When J. T. Hill, Jr., of Stanford, announced his candidacy for the Democratic nomination for County Attorney, of Lincoln county, it threw a bomb shell into the ranks of his opponents and has got the wise ones guessing the result of this interesting race. His friends claim that his popularity and competency as a lawyer, will land him a winner, notwithstanding the fact that he is running against three popular gentlemen in the persons of Will Burch, Will Hansford and Judge Sam Owsley.

### LINCOLN COUNTY MAN

Shoots Jesse Brock Near Crab Orchard.

Last Monday morning, John L. Hopkins, of Crab Orchard, shot and wounded Jesse Brock, with a .38 Winchester, firing several shots, only one taking effect in the latter's jaw. The shooting occurred just over the Lincoln line in this county, and Hopkins was placed in jail at Stanford where he was arrested last Monday afternoon, several hours after the shooting. Hopkins claims that Brock was trying to defraud his mother in a hog trade and that he accused him of it, to which Brock became abusive, threatening to do him bodily harm. Hopkins claims Brock was approaching with a shot gun in his hands and as he (Hopkins) was likewise heavily armed he opened fire first, resulting as above stated. He was tried here before Judge Arnold Tuesday afternoon and his bond fixed at \$1,000 which he promptly gave.

### "BLACK HAND" BLACK BOYS

Get in bad at police Court

While trying to regulate the morals and manners of some of the colored damsels of the city, by writing "black-hand" letters and threatening them with death and torture, picturing coffins, daggers and other weapons of violence on their letters, got about six of our trifling and idle negroes in the Police Court last Friday which resulted in a fine of \$10, and costs for James Anderson, George Cheatham, Hubert Naylor, George Jennings, T. J. Huffman and Rufus Wimsie. Not heeding to the threatening letters, these boys lay in wait for one, Maggie Penman, and proceeded to "do her up" with sticks and other convenient weapons, which resulted in their arrest and conviction. Most of these boys have been in trouble before now and a few more offenses like the previous ones may land them in the penitentiary, where a few years of hard manual labor would do them all good.
